On Tuesday, January 3, 2012, weather permitting, the Oklahoma Department of Transportation will be closing the northbound I-35 on-ramps at State Highway 9 and Lindsey Street and the northbound Main Street off ramp periodically through Wednesday, January 4, 2012.

The ramps will be open to traffic between 6:00 a.m. and 9:00 a.m., and between 4:00 p.m. to 7:00 p.m., to accommodate rush hour traffic.

The temporary closure of the ramps is necessary in order for ODOT's contractor, Haskell Lemon Construction Company, to remove the temporary barrier wall located between Lindsey Street and Main Street. The temporary barrier wall was installed in October 2011 to protect interstate traffic from the utility relocation activity adjacent to the Normandy Acres neighborhood along the east side of I-35.

Additional questions may be directed to Mr. John Clink, Capital Projects Engineer, at 366-5424.
